Mr. Jim Squires,

Nashville Tennessean

Dear Mr. Squires,

Having just seen your interesting 8/22 piece, I'm sending you herewith my current book and will within a month send you OSWALD IN NEW ORLEANS:Case of Conspiracy, now being published.

Dell broke their contract. I suspect the book was too hot for them. I finished it in April, now have deal with Parallax for reprint-size appearance and will do private printing with large appendix similar to this, of documents, but more that twice this size.

May I commend you for being a reporter, not a propegandist?

If you do not have my two earlier books, please send me a label and tell which, if either or both, you'd like. We are but two people, so even a label saves time.

Sincerely,

Harold Weisberg
